SAFETY FIRST!

This is a *virtual* race.

This is an event that is organized as a virtual activity where you will run on your own, at a date and time of your choosing, following a route provided to you, which will **not** have any support or security measures in place by Heart of the Valley Runners. This is a potentially hazardous activity, which could result in injury or death. When in doubt, remember - SAFETY FIRST!

You signed a waiver when you registered to participate but here are some extra suggestions for how to be safe during your virtual relay experience:

- **COVID-19 specific recommendations**

- Do not participate if you are feeling sick or ill, and or have a fever, or if you have been in contact with someone unrecovered from COVID-19.
- Stay 6 feet apart from other runners AND wear a mask/gaiter
 - Be sure to have your mouth and nose covered when encountering people in parking lots, at trailheads, on roads, and on trails.
 - When it's just you on the run, breathe easy, but as soon as you see another person it's time to cover up and space out.
- Do not engage in traditional forms of physical contact (hand shakes, high-fives, hugs, partner stretching, etc.).
- Do not engage in close group pictures/selfies. Always maintain social distance guidelines.
- Don't spit or "nose rocket" your nose in public – bring along tissues or a small towel or a hanky if you need to get rid of some snot during your run/walk. If you must spit, do so away from people and areas that will have foot traffic.
- Do not share personal items, such as hydration, energy gels, towels, etc.
- Avoid gathering in a location that may cause conflict for others in the area, including businesses, customers, and residents.
- Never block entryways, sidewalks, trails, or access to bathrooms or fountains. Ensure that others have room to get past the group while maintaining social distance guidelines.
- Abide by the Center for Disease Control's (CDC) recommendations for the prevention of the spread of the 2019 Novel Coronavirus Disease (COVID-19) and other communicable diseases, and I attest to having read the CDC's guidance at: <https://www.cdc.gov/coronavirus/2019-ncov/prepare/prevention.html>

- Abide by the Benton County recommendations found at <https://www.co.benton.or.us/covid19>

● General Running Safety

- There is no official “course”, so the running routes are not closed to traffic. There are potential hazards including (but not limited to) traffic, road surface conditions, weather and wildlife. Please take appropriate precautions to insure a safe and fun event for all participants, volunteers and the public. Obey all traffic laws. Park in designated areas and on the legal side of the fog line only.
- If you’re running at night, wear reflective gear and/or a headlamp.
- Carry your own hydration/nutrition - there are no aid stations.
- If you run with a dog, keep it leashed unless you’re in an off-leash area and pick up poop!
- Follow all pedestrian safety ordinances including running on a sidewalk where available and not in the road

● About the Trail Legs

- The trail legs take place either on land maintained by Greenbelt Land Trust or OSU Research Forests. Please be respectful of these spaces.
- Before you run: check for forest updates on any closures/prohibitions that might be in effect. We will do our best to update legs should unforeseen circumstances arise, but you are responsible for checking before heading out.
 - Updates: <https://cf.forestry.oregonstate.edu/recreation/forest-updates>
 - <https://www.facebook.com/OSUResearchForests>
 - Get updates to your inbox: <https://bit.ly/3kanRKT>
- Trail Etiquette
 - Please be familiar with etiquette for the trails: <https://cf.forestry.oregonstate.edu/recreation/trail-etiquette>
- **Use Alternative Transportation**
 - **Biking to trailheads** from in-town access points like Chip Ross Park and Timberhill Natural Area, and using the new bike racks at Oak Creek, Lewisburg Saddle, and Peavy Arboretum
 - **Carpooling when you come with a group** with ODOT's new [Get There](#) rideshare app! *Please carpool only as is safe according to COVID-19 safety guidelines.*
 - **Try Park & Ride locations** like Midge Cramer parking at the Benton County Fairground, Martin Luther King Jr. Park, or a friend's house.
 - **Supporting others who love the forest** like our forest neighbors, other visitors and their animals, and wildlife. Please drive slowly and courteously.

FUN SECOND!

How the Relay Works (aka Rules & Instructions)

- Assign your team members to a runner position (Runner 1, Runner 2, etc.).
- Runners/walkers on a team must complete their legs sequentially (Runner 1 then Runner 2 then Runner 3, etc.).
- Run/walk just one leg each week (Leg 1 in week 1, Leg 2 in week 2, Leg 3 in week 3). No running/walking your legs early!
- Join us on Facebook LIVE each Monday for a chat with the Race Directors. We will introduce you to the Relay in Week 1 and provide fun updates and award prizes in Weeks 2 and 3.
 - Be sure to join the HOTV Virtual Relay event on Facebook.
 - Share pictures and videos to the event to share your progress.
- **Leg Tracking/Timing**
 - As your team members complete their legs, the TEAM CAPTAIN should collect leg times and e-mail them to Eclectic Edge Timing (william@eclecticedgeracing.com) with the following info:
 - Team Name
 - Captain's Name
 - Captain's Email
 - City, State
 - Division

Contests, Prizes, and Giveaways (oh my!)

- **Costume Leg**
 - The race ends on Halloween, so get in the spirit on Leg 3!
 - If you'd like to be entered into the photo contest, e-mail your photo to: rnsoicher@gmail.com with your team name OR post to the Facebook event page and caption with your team name.
 - Entire teams in costume will be given heavier weight as we consider finalists, so dream big and get creative! Note: You can send a separate photo for each team member, please don't gather in large groups :)
- **Weekly "Road Kills"**
 - In an effort to preserve as many classic elements of an in-person relay as we can, we will be counting "Road Kills".
 - At the end of each week, if your team passes the team ahead of you, count it as a road kill! The race directors will do all the fancy math behind the scenes and announce any road kills at the Monday check-in meeting.

- **Night Leg**
 - Another fun in-person tradition is a night leg.
 - Run a leg starting after 8:00 pm and ending before 5:00 am.
 - E-mail news (and/or a picture) to rnsoicher@gmail.com with your team name OR post to the Facebook event page and caption with your team name.
 - *****NOTE***** *Please do NOT run your trail leg at night. Forests are closed 9pm to 5am.*
 - *****NOTE***** *Please be the safest you have ever been. Wear reflective gear and a headlamp if running in the dark. Stay on sidewalks when you are able. Use caution and common sense. Run a leg at night only if it feels safe to you and let a friend know where you'll be.*
- **Eagle Eyes**
 - Keep an eye out on your runs. Some of the legs will have a special marker you should find and take a picture with to be entered into our prize drawings. You can get more details on what to find on which legs by following the event on Facebook.
- **Candid Camera**
 - If we spot you running your route live, win a prize! You never know when or where we might be. (Don't worry, not as creepy as it sounds).

Runner 1

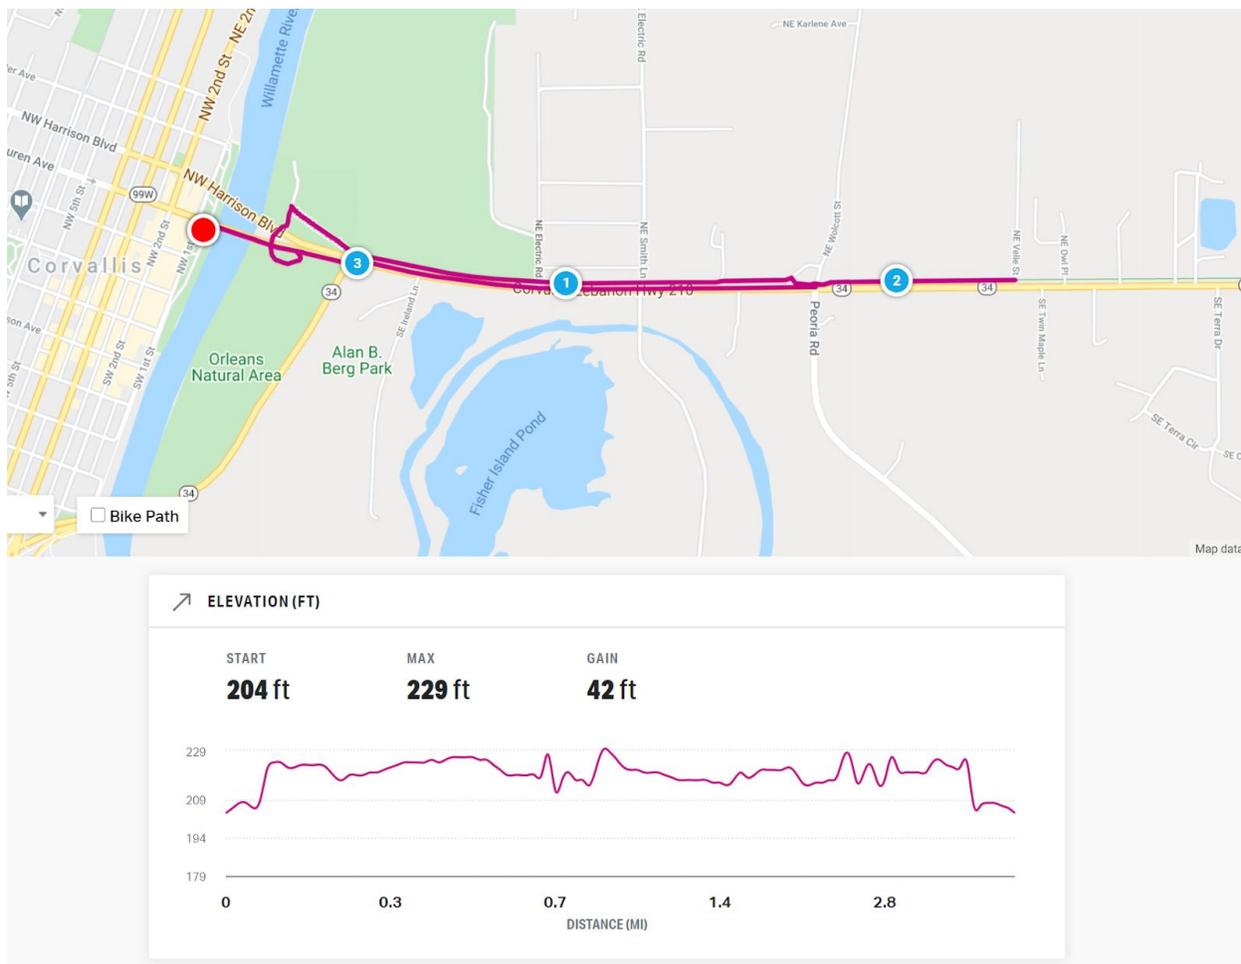

Route 1: 2.43 miles

Directions:

Park at the Crystal Lake Sports Field parking lot (100 SE Fischer Ln, Corvallis, OR 97333). Run on the paved path out to Willamette Park. Loop around the park and come back on the same paved path.

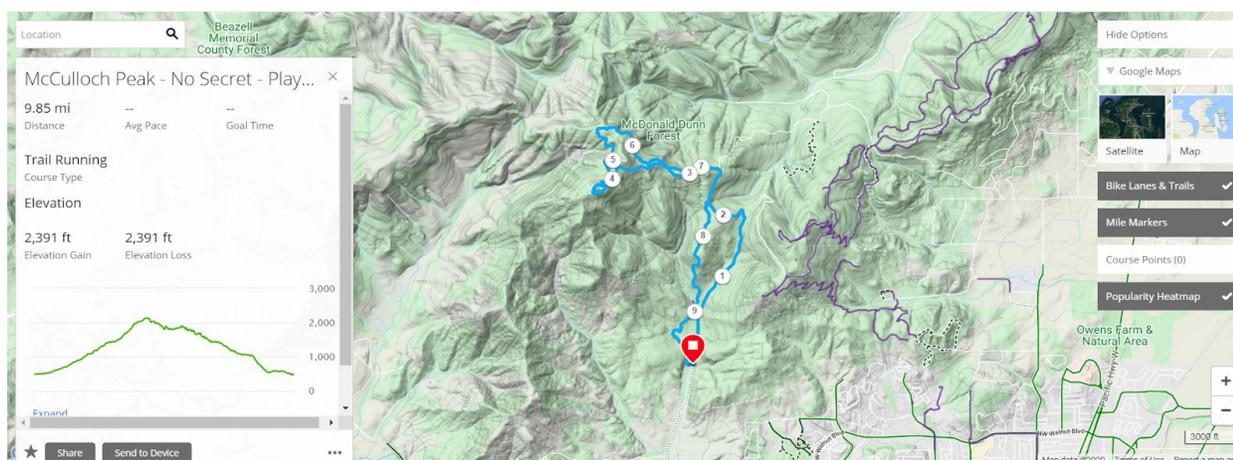

Route 2: 3.32 miles (Jess' Route)

Directions:

Recommended to park downtown near the start (e.g., parking lot on 1st between Van Buren and Harrison). Run east across the Van Buren bridge, bear right onto the bike path. Take the bike path under the bridges and back up near the golf course. Run on the bike path along Highway 34 to NE Velle Street. Turn around and run back to start.

Route 3: 9.85 Miles (Oak Creek Trailhead to McCulloch Peak out and back: 2,391 ft. +/-)

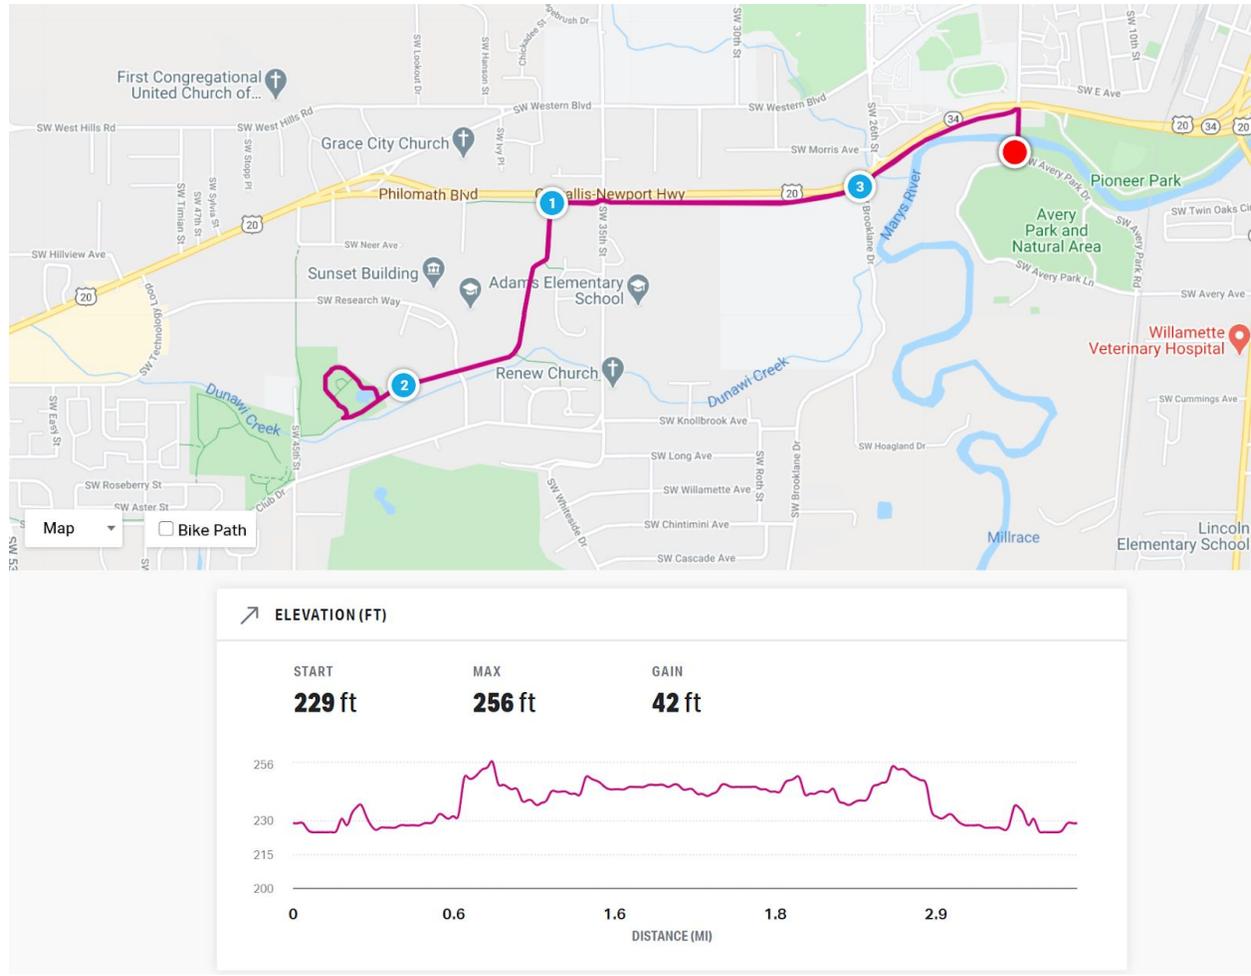

Description: This route is a loop from the Oak Creek trail head that provides the most elevation and distance of the relay as you make your way to the highest point in the McDonald-Dunn Forest, McCulloch peak, topping out at 2,155'. Enjoy the mix of new and old trails through recent log harvests (No secret) and old growth forests lush with ferns and fall colors (Playtime and Extendo).

Route 6: 3.0 miles

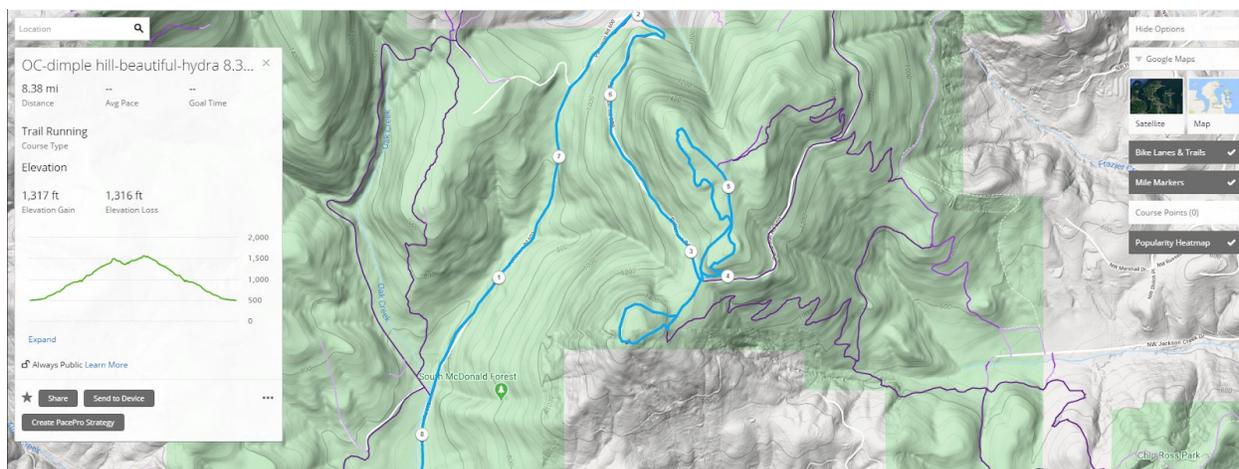

Directions:

Recommended to park in the OSU “D” parking lot at the corner of Western Blvd. and SW 15th St (behind University Plaza). Start at the northwest corner of Western Blvd. and SW 15th Street. Run West on the sidewalk to SW 26th Street. Run right on SW 26th Street. Run north on SW 26th Street to SW Washington Way. Cross SW Washington Way, then turn left and cross over SW 26th Street. Run west along SW Washington Way to SW 30th Street. Turn right. Run north along SW 30th Street to Campus Way. Make a right on Campus Way. Run to SW 26th Street, cross the street, then make a right. Run south along SW 26th Street to SW Jefferson Way. Make a left and run east along SW Jefferson Way to SW Waldo Place. Run north along SW Waldo Place to Campus Way. Make a right on Campus Way. Run down Campus Way, across SW 14th street, until you reach SW 11th Street. At this point, you will be at the east end of a parking lot. Take a right, cross over the parking lot entrance, and take another right through the gate. You will see a sidewalk lined with trees on either side. Run west, headed back toward campus. Take a left at SW 14th Street. Run south along 14th Street until SW Jefferson Way. Take a right on SW Jefferson Way. Then take a left on SW Benton Place. Run south along SW Benton Place to SW Washington Way. Take a left on SW Washington Way. Take a right on SW 15th Street. Finish at the corner where you started (Western Blvd & 15th Street).

Runner 3

Route 7: 8.30 Miles (Oak Creek Trailhead to Dimple Hill out and back: 1,317 ft. +/-)

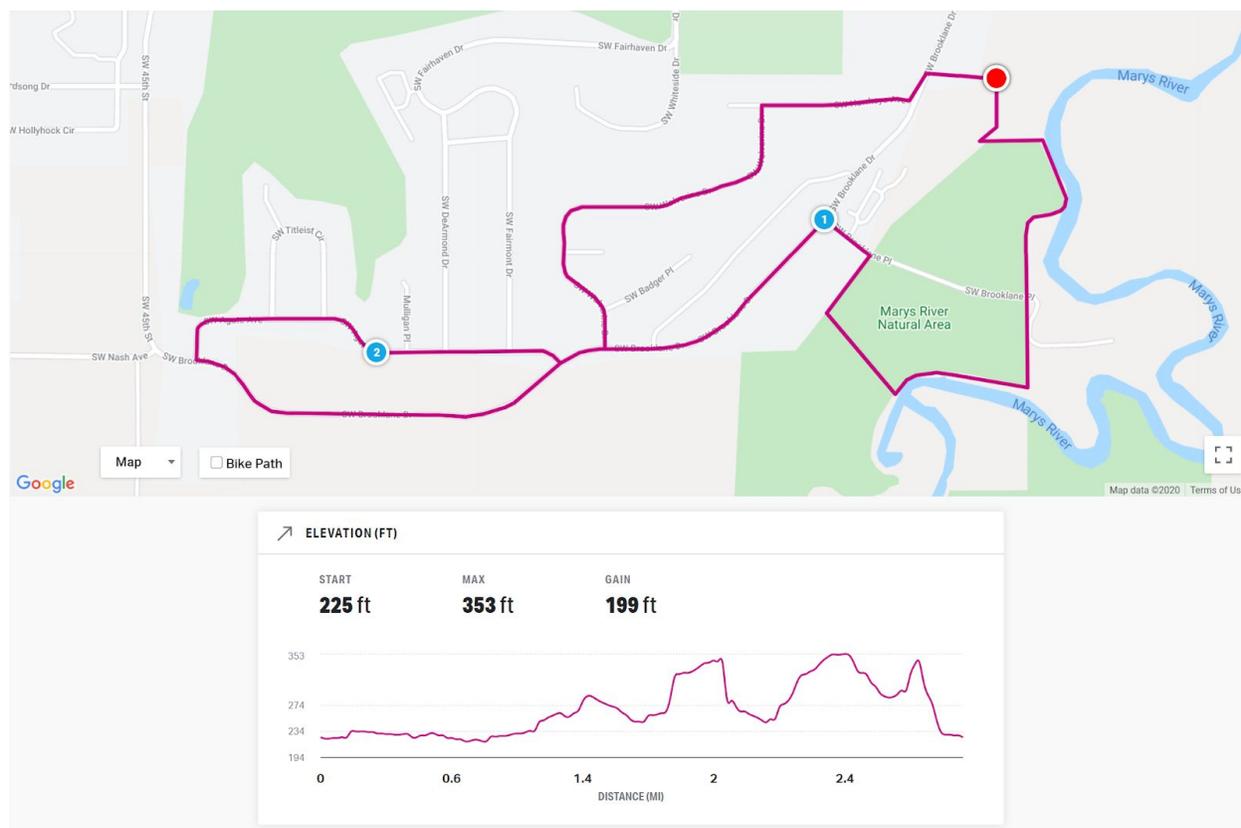

Directions:

Description: Calling all gravel grinders! This out and back route from the Oak Creek trailhead rewards runners with a panoramic view of Corvallis and the Willamette valley from Dimple Hill (1,495'). After a short loop through the beautiful/hydra trail up top, the route traces itself back down the packed gravel road 600 for a quick second half.

Road/Trails	Total Miles	Δ Miles to Next Turn	Turns(L/R/Straight)
Rd 600	0	0.55	Straight from parking lot
Rd 600	0.55	1.11	Straight past road 6020

Route 8: About 3 miles

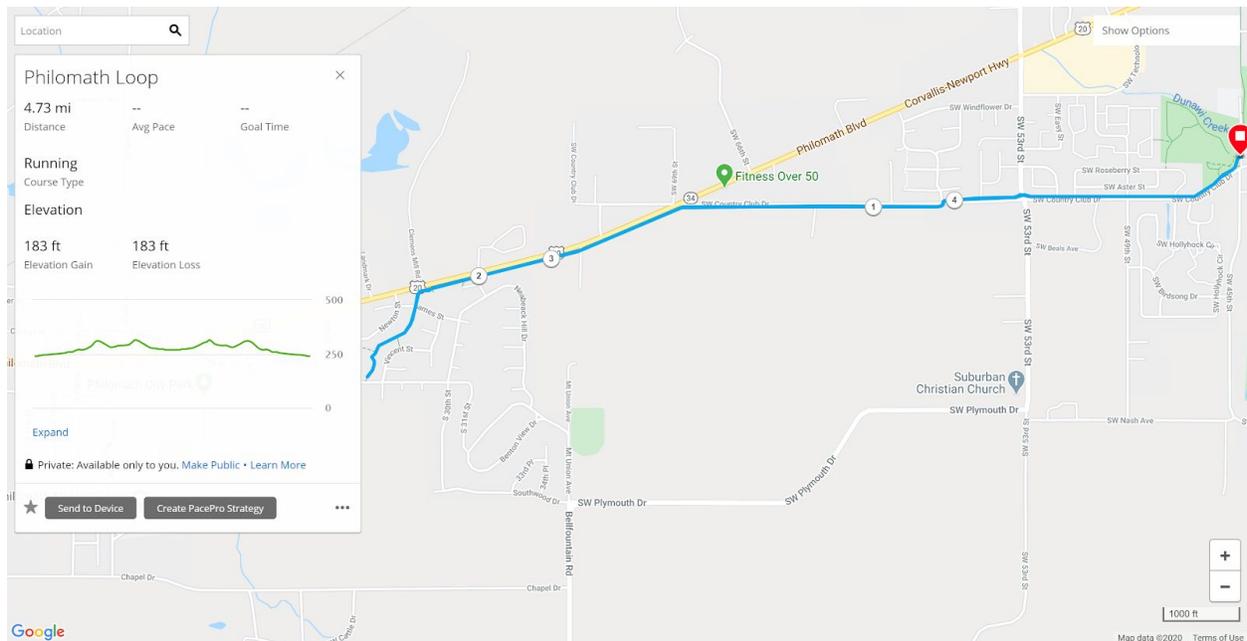

Directions:

Park at the Mary's River Natural Area trailhead - on the north side of the natural area, take a left onto a gravel road off of SW Brooklane Drive. Park near the information kiosk. Start your run on the sidewalk at the trailhead. Run on the sidewalk, just over the first bridge, then make a left onto a dirt trail. Follow the dirt trail (this is a mowed grassy area with a single track trail). Continue on the trail, crossing over SW Brooklane Place. At the bend in the river, there is a fork in the trail. Do **not** continue straight. Take a slight right to follow the path to where it meets a wooden boardwalk. **See picture on next page.** Follow the boardwalk back to SW Brooklane Place. Make a left on Brooklane Place, then a left onto the sidewalk along SW Brooklane Drive. Run west on Brooklane Drive to SW Agate Avenue. Make a right onto SW Agate Avenue and continue easy along SW Agate Avenue back to SW Brooklane Drive. Make a left onto Brooklane, then a left onto SW Wolverine Drive. Continue on Wolverine Drive until it dead-ends into SW Hawkeye Avenue. Make a right on SW Hawkeye Avenue and run east until you dead-end into SW Brooklane Drive. Cross SW Brooklane, make a left, then a right onto the gravel road. Follow the road back to the information kiosk where you started.

Route 9: 4.73 miles

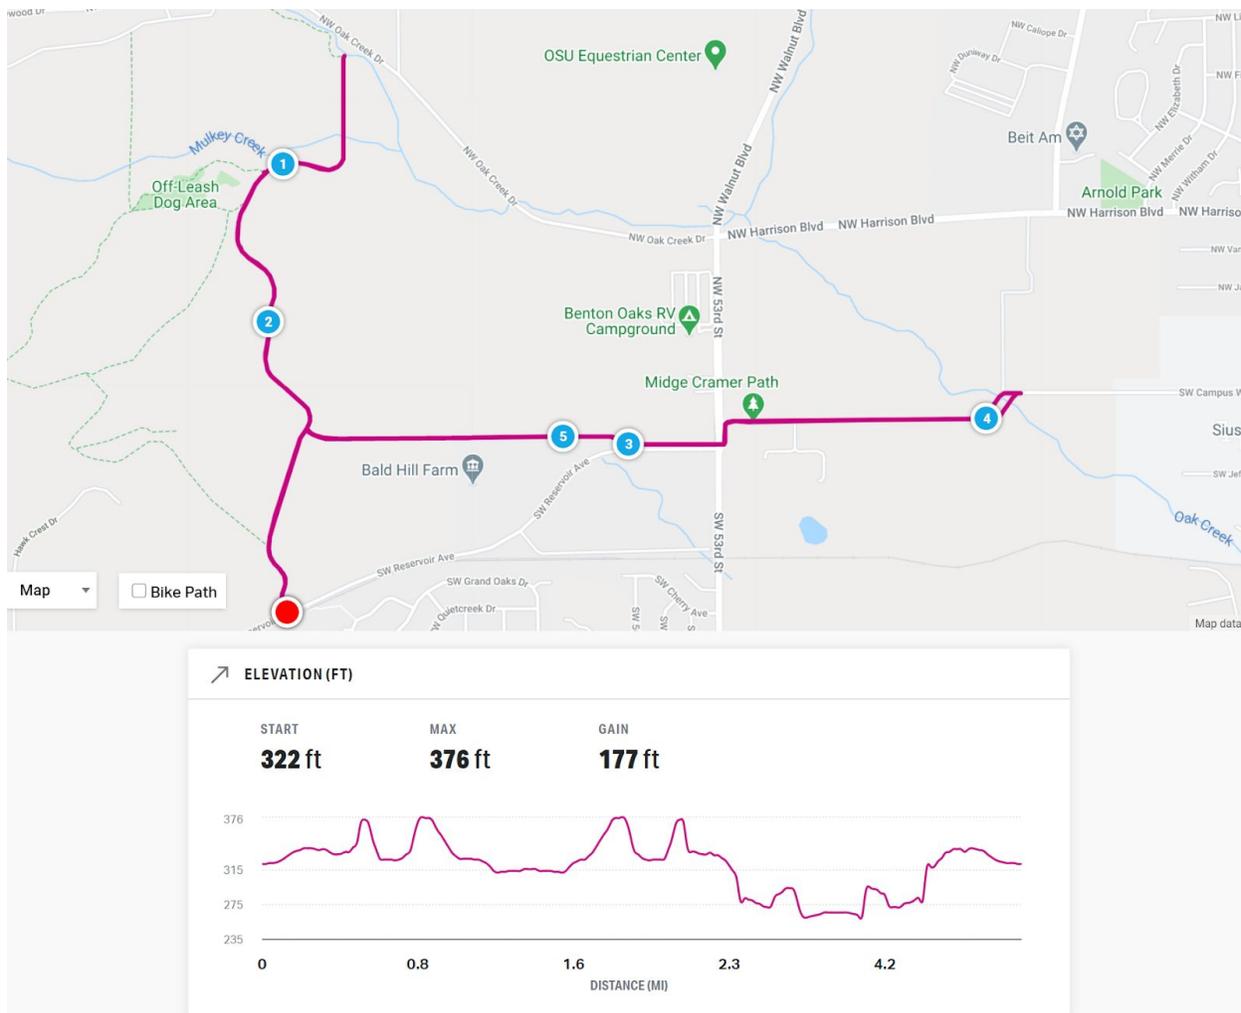

Directions:

Park at Rene Moye park (formerly Sunset Park). Start your route on the Hunsacker Bike Path (starts on the south end of the parking lot). Follow the bike path west, crossing over SW 53rd Street. At SW Barleyhill Drive, the bike path cross Country Club Drive and continues on the south side of the road. Follow the bike path west, curving left to stay on the path and continue along Highway 20. The bike path drops you into the very east side of Philomath. Follow the bike path across James Street and continue to Applegate Street. At Applegate Street, turn around and run back the way you came!

Runner 4

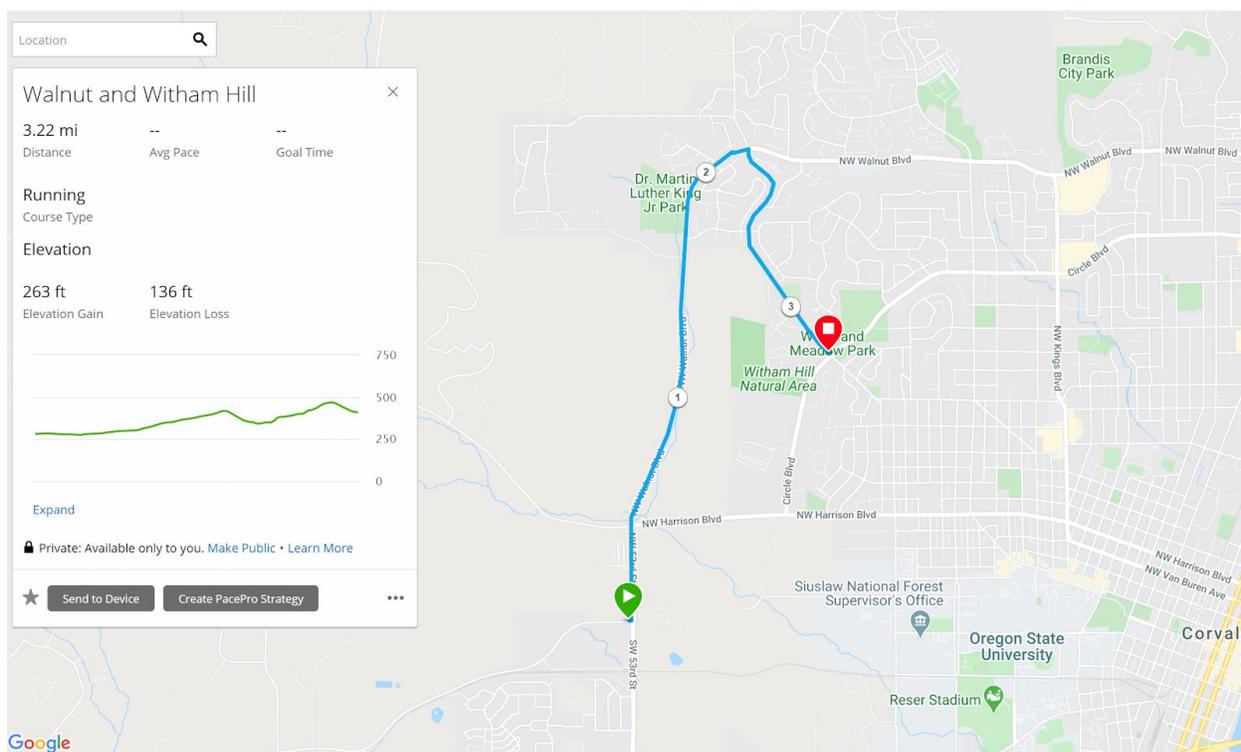

Route 10: 5.46 miles

Directions:

Start at the Reservoir Road entrance to the Bald Hill Natural Area. Run begins on the paved path. Run north until you reach the parking lot on the Oak Creek side. Turn around and run south, making a left to run east along the Midge Cramer trail. This trail leads from the Bald Hill Natural Area, past the fairgrounds, and crosses over SW 53rd Street. Continue east on the Midge Cramer Path, run through the Irish Bend Covered Bridge, turn around, and run back to start.

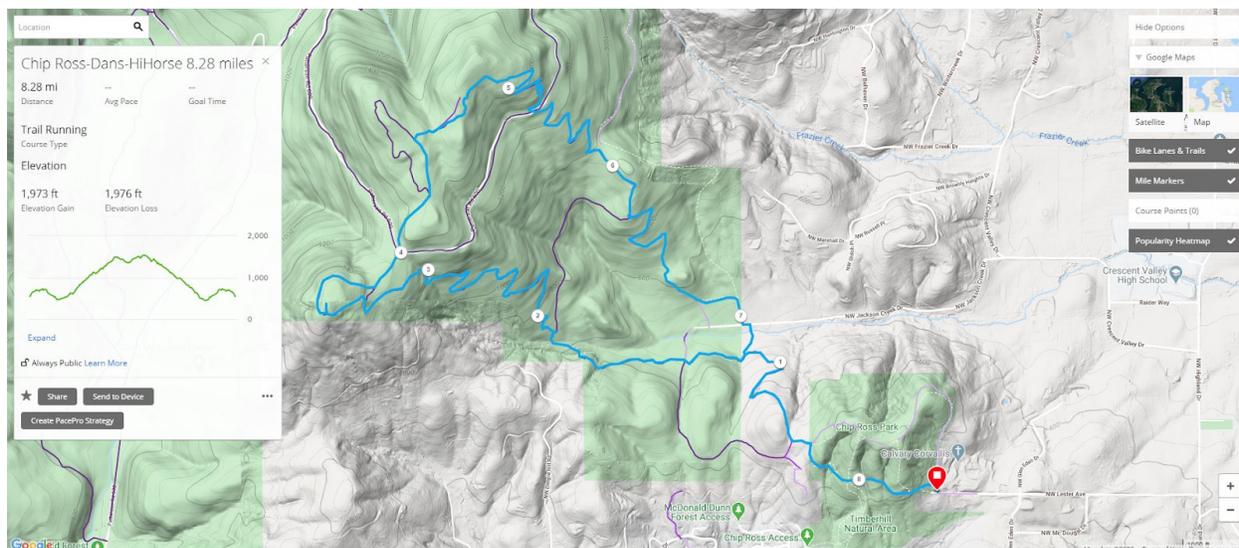

Route 11: 3.22 miles (WARNING! NOT A LOOP!)

Directions:

WARNING! NOT A LOOP! You're gonna need a friend or family member to help out on this leg. Begin the route at the corner of SW 53rd Street and Campus Way (at the Fairgrounds). Run north along the bike path, past Martin Luther King Jr Park. At NW Glenridge Dr/NW Witham Hill Dr, turn right to head southeast up NW Witham Hill Drive. End the route at the corner of NW Witham Hill Drive and Circle Blvd (at Woodland Meadow Park).

Route 12: 8.28 Miles (Chip Ross Trailhead Dan's-Horse Trail loop: 1,973 ft. +/-)

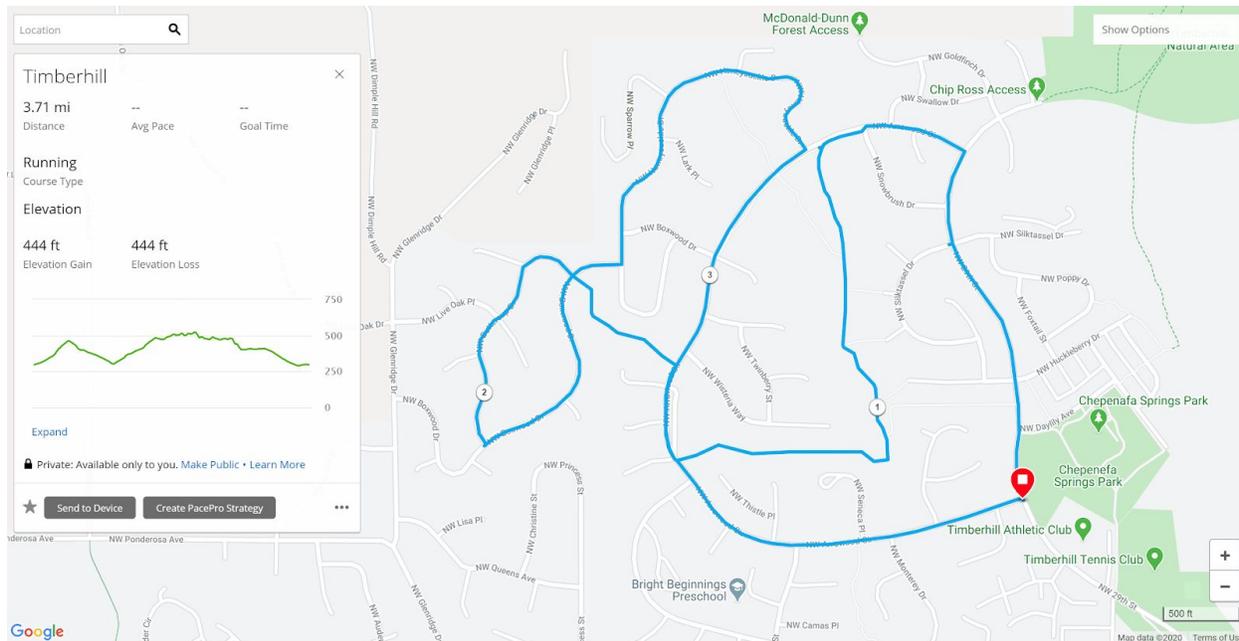

Description: This route begins and ends at the Chip Ross trail head at the end of NW Lester Avenue across from the Cavalry Corvallis Church. This scenic route travels the entirety of both Dans and Horse trails for a well rounded Mac tour.

Runner 6

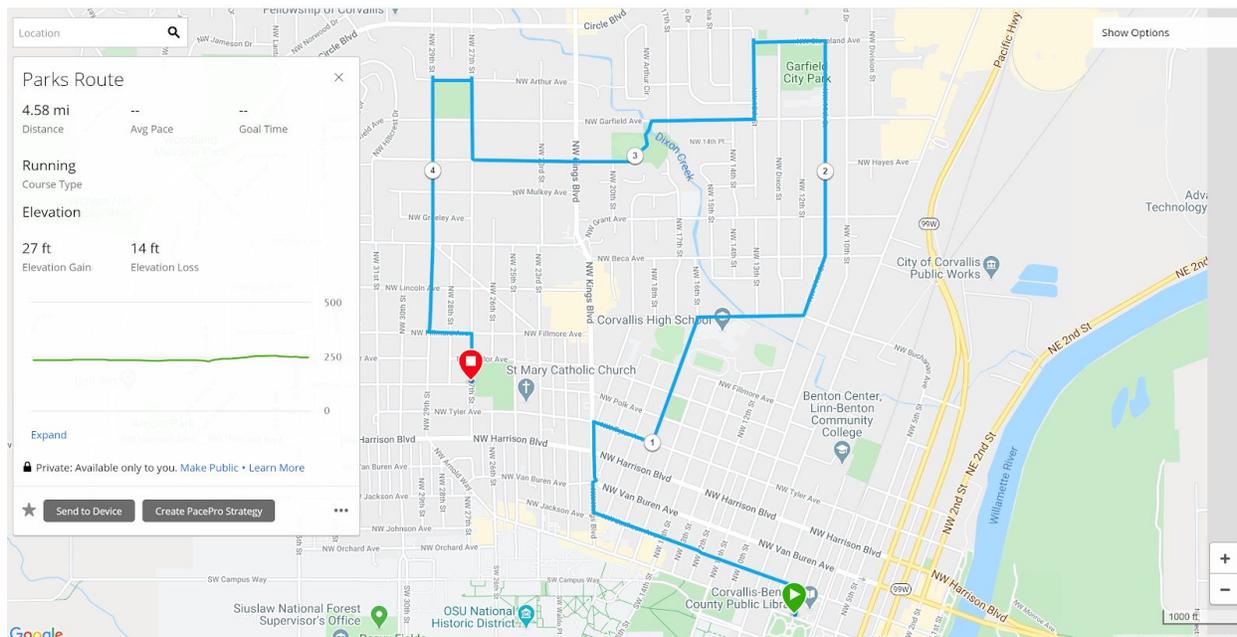

Route 16: 8.94 Miles (Lewisburg Saddle Vineyard Mt. - Dave's Trail out and back: 2,046 ft. +/-)

Description: This out and back route begins at the Lewisburg Saddle and runs on the east side of NW Sulphur Springs Road. The highlight of this leg is the out and back of the full Dave's Trail. Named in honor of Dave "Condor" Bateham, a local trail enthusiast who's life was taken short due to complications from heart surgery. In his memory, the Condor 25k trail race has operated every fall since 2012 to raise funds for local trail work and to commemorate and spread the spirit of the Dave in the local (ultra) running community. You'll find a commemorative plaque along the middle segment of Dave's trail.
